INTERVIEW SUMMARY

Dear Sir:

The Examiner informed us by telephone in July, 2006 that he had sent a Notice of Non-Compliant Amendment objecting to the use of two status identifiers in the claims. He further reported that after sending it he decided it was in error and that the amendment was not in fact non-compliant. We had been under the impression that the Notice would be withdrawn but after not receiving anything from the Patent Office we called the Examiner on Monday, October 23, 2006 to determine the status of the application. We learned that there was apparently a miscommunication regarding who was going to take the initiative to correct the erroneous Notice of Non-Compliant Amendment. Upon bringing this to the Examiner's attention, he indicated that he would take steps to rescind the Notice of Non-Compliant Amendment.
